

Wrap-around tape

Liquid-tight wrapping of the mesh with tape creates a secure means for injecting the resin into injection joints. For the binding of cables and pipes.

Features

- Excellent, elastic 'elongation at break' properties
- Excellent processability under high- and low temperatures
- Good adhesion even under moist conditions
- Flame retarding
- Excellent electrical insulation
- Convenient dimensions

Specifications

Material	(soft) PVC
Thickness	0,19mm
Adhesive type	synthetic rubber
Adhesion	400 gr./25mm
Unrolling force	500 gr./25mm
Tensile strenght	10,5 kg/25mm
Elongation at break	240%
Breakdown voltage	9 kV
Min. application temperature	-10°C
Temperature range	-40°C till +90°C
Colour	transparent
