

Sealing caps

Filoform sealing caps have been developed to provide an effective and simple solution to all splash water and dirttight sealing requirements in HDPE ducts and protective sleeves.

The sealing caps are standard dirt and splash watertight. After mounting with sealing compound Filoform Fill & Seal (art.nr. 80840) the Filoform sealing plugs easily exceed the specifications of NEN 2768.

The Filoform sealing caps are made from a high quality TPE, this material has a hardness of 40 Shore A.
